

# IOWA VALLEY ELEMENTARY

## WELCOME TO WINTER AND SECOND SEMESTER!

### A NOTE FROM MRS. MILLER...

It's hard to believe we are half way through the school year! Our students and staff are back into the routine after break.

Hopefully everyone had a healthy and happy winter break. It passes by in a blur and we are back at school.

### TIGER PRIDE UPDATE

On the first day being back, we did a school-wide re-teaching of our Tiger Pride expectations. We had all of the students rotate through stations to each area and reviewed what is expected. This will get everyone back to a good start and begin working on our Second Semester goal of tiger paws.

In the first semester we reached our goal of tiger paws and the students were rewarded with a movie at the Belle Plaine theater. We want to again thank the Friends of Marengo for their support on this special event. Parents you should be proud, all students showed their best Tiger Pride and positively represented our school.

### REMINDERS:

#### FAST TESTING

The start of the semester will begin with midyear FAST and math testing. This gives our teachers data on how our students are progressing.

#### HOMEWORK

Please work with your child on homework completion this quarter. Thank you!
