ROLE OF AND GUIDING PRINCIPLES FOR EMPLOYEES

This series of the board policy manual is devoted to the board's goals and objectives for employees in the performance of their jobs. Employees provide a variety of important services for the children of the school district community. They may be teaching or assisting in the classroom, working in the office, maintaining the facilities, driving or repairing the school buses, or cooking lunches. Each employee plays a vital role in providing an equal opportunity for a quality education for students commensurate with the students' individual needs. While the teachers have the most direct impact on the formal instruction of students, all employees have an impact on the school environment by their dedication to their work and their actions. As role models for the students, employees shall promote a cooperative, enthusiastic, and supportive learning environment for the students.

In striving to achieve a quality education program, the board's goal is to obtain and retain qualified and effective employees. The board shall have complete discretion to determine the number, the qualifications, and the duties of the positions and the school district's standards of acceptable performance. It shall be the responsibility of the superintendent to make recommendations to the board in these areas prior to board action. The board recognizes its duty to bargain collectively with duly certified collective bargaining units. To the extent a group of employees has a recognized collective bargaining unit, the provisions of the master contract regarding such topics shall prevail.

Board policies in this series relating to general employees shall apply to employees regardless of their position as a licensed employee, classified employee, substitute or administrator. Board policies relating to licensed employees shall apply to positions that require a teaching license or administrator's certificate or other professional license, certificate or endorsement, unless administrative positions are specifically excluded from the policy or a more specific policy is in the 300 series, Administration. Classified employees' policies included in this series shall apply to positions that do not fall within the definition of licensed employees.

EQUAL EMPLOYMENT OPPORTUNITY

The Iowa Valley Community School District will provide equal opportunity to employees and applicants for employment in accordance with applicable equal employment opportunity and affirmative action laws, directives and regulations of federal, state and local governing bodies. Opportunity to all employees and applicants for employment includes hiring, placement, promotion, transfer or demotion, recruitment, advertising or solicitation for employment, treatment during employment, rates of pay or other forms of compensation, and layoff or termination. The school district will take affirmative action in major job categories where women, men, minorities and persons with disabilities are underrepresented. Employees will support and comply with the district's established equal employment opportunity and affirmative action policies. Employees will be given notice of this policy annually.

The board will appoint an affirmative action coordinator. The affirmative action coordinator will have the responsibility for drafting the affirmative action plan. The affirmative action plan will be reviewed by the board at least every two years.

Individuals who file an application with the school district will be given consideration for employment if they meet or exceed the qualifications set by the board, administration, and Iowa Department of Education for the position for which they apply. In employing individuals, the board will consider the qualifications, credentials, and records of the applicants without regard to race, color, national origin, sex, disability, age, religion, creed, sexual orientation, and gender identity. In keeping with the law, the board will consider the veteran status of applicants.

Prior to a final offer of employment for any position the school district will perform the background checks required by law. The district may determine on a case-by-case basis that, based on the duties, other positions within the district will also require background checks. Based upon the results of the background checks, the school district will determine whether an offer will be extended. If the candidate is a teacher who has an initial license from the BOEE, then the requirement for a background check is waived.

Advertisements and notices for vacancies within the district will contain the following statement: "The Iowa Valley Community School District is an EEO/AA employer." The statement will also appear on application forms.

Inquiries by employees or applicants for employment regarding compliance with equal employment opportunity and affirmative action laws and policies, including but not limited to complaints of discrimination, will be directed to the Affirmative Action Coordinator by writing to the Affirmative Action Coordinator, Iowa Valley Community School District, 359 East Hilton Street, Marengo, Iowa, 52301; or by telephoning (319) 642-7714.

EQUAL EMPLOYMENT OPPORTUNITY

Inquiries by employees or applicants for employment regarding compliance with equal employment opportunity and affirmative action laws and policies, including but not limited to complaints of discrimination, may also be directed in writing to the Director of the Region VII office of Civil Rights, U.S. Department of Education, 310 W. Wisconsin Ave., Ste. 800, Milwaukee, Wisconsin, 53203-2292, (414) 291-1111 or the Iowa Civil Rights Commission, 400 E 14th Street, Des Moines, Iowa, 50309-1004, (515) 281-4121, or 1-800-457-4416, <http://www.state.ia.us/government/crc/index.html>. This inquiry or complaint to the federal office may be done instead of, or in addition to, an inquiry or complaint at the local level.

Further information and copies of the procedures for filing a complaint are available in the school district's central administrative office and the administrative office in each attendance center.

EMPLOYEE CONFLICT OF INTEREST

Employees' use of their position with the school district for financial gain is considered a conflict of interest with their position as employees and may subject employees to disciplinary action.

Employees have access to information and a captive audience that could award the employee personal or financial gain. No employee may solicit other employees or students for personal or financial gain to the employee without the approval of the superintendent. If the approval of the superintendent is given, the employee must conduct the solicitations within the conditions set by the superintendent. Further, the superintendent may, upon five days notice, require the employee to cease such solicitations as a condition of continued employment.

Employees will not act as an agent or dealer for the sale of textbooks or other school supply companies doing business with the school district. Employees will not participate for personal financial remuneration in outside activities wherein their position on the staff is used to sell goods or services to students or to parents. Employees will not engage in outside work or activities where the source of information concerning the customer, client or employer originates from information obtained because of the employee's position in the school district.

It will also be a conflict of interest for an employee to engage in any outside employment or activity which is in conflict with the employee's official duties and responsibilities. In determining whether outside employment or activity of an employee creates a conflict of interest, situations in which an unacceptable conflict of interest is deemed to exist will include, but not be limited to, any of the following:

- (1) The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district's badge, uniform, business card or other evidences of office to give the employee or the employee's immediate family an advantage or pecuniary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes of this section, a person is not "similarly situated" merely by being related to an employee who is employed by the school district.
- (2) The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the employee or a member of the employee's immediate family from anyone other than the school district for the performance of any act that the employee would be required or expected to perform as part of the employee's regular duties or during the hours during which the employee performs service or work for the school district.
- (3) The outside employment or activity is subject to the official control, inspection, review, audit or enforcement authority of the employee during the performance of the employee's duties.

EMPLOYEE CONFLICT OF INTEREST

If the outside employment or activity is employment or activity in (1) or (2) above, the employee must cease the employment or activity. If the activity or employment falls under (3), then the employee must:

- Cease the outside employment or activity; or
- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

When procurement is supported by Federal Child Nutrition funds, employees will not participate in the selection, award, or administration of a contract if there is a real or apparent conflict of interest in the contract. Contract, for purposes of this paragraph, includes a contract where the employee, employee's immediate family, partner, or a non-school district employer of these individuals is a party to the contract.

It is the responsibility of each employee to be aware of and take the necessary action to eliminate a potential conflict of interest should it arise.

NEPOTISM

More than one family member may be an employee of the school district. It is within the discretion of the superintendent to allow one family member employed by the school district to supervise another family member employed by the school district subject to the approval of the board.

The employment of more than one individual in a family is on the basis of their qualifications, credentials and records.

EMPLOYEE COMPLAINTS

Complaints of employees against fellow employees should be discussed directly between employees. If necessary, complaints will be brought directly to the immediate supervisor, principal or superintendent and will be made in a constructive and professional manner. Complaints will never be made in the presence of other employees, students or outside persons.

A formal grievance procedure is contained in the master contract between the employee's licensed bargaining unit and the board. This policy will not apply to a complaint that has been or could be filed at the employee's discretion under that formal grievance procedure.

EMPLOYEE RECORDS

The school district will maintain personnel records on employees. The records are important for the daily administration of the educational program, for implementing board policy, for budget and financial planning, and for meeting state and federal requirements.

The records will include, but not be limited to, records necessary for the daily administration of the school district, salary records, evaluations, application for employment, references, and other items needed to carry out board policy. Employee personnel files are school district records and are considered confidential records and therefore are not generally open to public inspection or accessibility. Only in certain limited instances, when the employee has given a signed consent, will employee personnel records be accessible to individuals other than the employee or authorized school officials.

Employees may have access to their personnel files, with the exception of letters of reference, and copy items from their personnel files at a time mutually agreed upon between the superintendent or designee and the employee. The school district may charge a reasonable fee for each copy made. However, employees will not be allowed access to the employment references written on behalf of the employee. Board members will generally only have access to an employee's file when it is necessary because of an employee related matter before the board.

It is the responsibility of the superintendent to keep employees' personnel files current. The board secretary is the custodian of employee records.

It is the responsibility of the superintendent to develop administrative regulations for the implementation of this policy.

EMPLOYEE TRAVEL COMPENSATION

Employees traveling on behalf of the school district and performing approved school district business will be reimbursed for their actual and necessary expenses. Actual and necessary travel expenses will include, but not be limited to, transportation and/or mileage costs, lodging expenses, meal expenses and registration costs.

Travel Outside the School District

Travel outside of the school district must be pre-approved. Pre-approval will include an evaluation of the necessity of the travel, the reason for the travel and an estimate of the cost of the travel to qualify as approved school district business. Travel outside the school district by employees, other than the superintendent, is approved by the superintendent.

Reimbursement for actual and necessary expenses will be allowed for travel outside the school district if the employee received pre-approval for the travel. Prior to reimbursement of actual and necessary expenses, the employee must provide the school district with a detailed receipt, other than a credit card receipt, indicating the date, purpose and nature of the expense for each claim item. In exceptional circumstances, the superintendent may allow a claim without proper receipt. Written documentation explaining the exceptional circumstances is maintained as part of the school district's record of the claim.

Failure to have a detailed receipt will make the expense a personal expense. Personal expenses, including mileage, in excess of that required for the trip are reimbursed by the employee to the school district no later than 10 working days following the date of the expense.

Reimbursement for actual and necessary expenses for travel outside the school district will be limited to the pre-approved expenses. Pre-approved expenses for registration are limited to the actual cost of the registration.

Pre-approved expenses for transportation within three hundred miles of the school district administrative office will be by automobile. If a school district vehicle is not available, the employee will be reimbursed at the current mileage rate as set by the State of Iowa.

Pre-approved expense for lodging within the state is limited to \$80.00 per night. Pre-approved expense for lodging outside the state is limited to the rate of a medium priced hotel in the area. Lodging may be pre-approved for a larger amount if special circumstances require the employee to stay at a particular hotel. Pre-approved expenses for meals within the state are limited to \$8.00 for breakfast, \$9.00 for lunch and \$18.00 for dinner not to exceed \$35.00 daily. Pre-approved expenses for meals outside the state are limited to \$8.00 for breakfast, \$9.00 for lunch, and \$18.00 for dinner not to exceed \$35.00 daily. Meals may be pre-approved for a larger amount by the board. Alcoholic beverages are not to be included in any reimbursement request.

EMPLOYEE TRAVEL COMPENSATION

Travel Within the School District

It is the responsibility of the superintendent to approve travel within the school district by employees.

It is the responsibility of the board to review the travel within the school district by the superintendent through the board's audit and approval process.

Employees who are allowed an in-school district travel allowance will have the amount of the allowance actually received during each calendar year included on the employee's W-2 form as taxable income according to the Internal Revenue Code.

The superintendent is responsible for developing administrative regulations regarding actual and necessary expenses, in-school district travel allowances and assignment of school district vehicles. Employees may use school district credit cards for the actual and necessary expenses incurred in the performance of work-related duties. Actual and necessary expenses incurred in the performance of work-related duties include, but are not limited to, fuel for school district transportation vehicles used for transporting students to and from school and for school-sponsored events, payment of claims related to professional development of the board and employees, and other expenses required by employees and the board in the performance of their duties.

Employees and officers using a school district credit card must submit a detailed receipt in addition to a credit card receipt indicating the date, purpose and nature of the expense for each claim item. Failure to provide a proper receipt will make the employee responsible for expenses incurred. Those expenses are reimbursed to the school district no later than ten working days following use of the school district's credit card. In exceptional circumstances, the superintendent or board may allow a claim without proper receipt. Written documentation explaining the exceptional circumstances is maintained as part of the school district's record of the claim.

The school district may maintain a school district credit card for actual and necessary expenses incurred by employees and officers in the performance of their duties. The superintendent and building principal may maintain a school district credit card for actual and necessary expenses incurred in the performance of the superintendent's duties. The transportation director may maintain a school district credit card for fueling school district transportation vehicles in accordance with board policy.

It is the responsibility of the superintendent to determine whether the school district credit card use is for appropriate school business. It is the responsibility of the board to determine through the audit and approval process of the board whether the school district credit card use by the superintendent and the board is for appropriate school business.

The superintendent is responsible for developing administrative regulations regarding actual and necessary expenses and use of a school district credit card. The administrative regulations will include the appropriate forms to be filed for obtaining a credit card.

Limitations to Employment References

The district believes in taking appropriate measures to promote the health and welfare of all students. Any school employee, contractor, or agent shall not assist another school employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative personnel files, if the individual or agency knows, or has probable cause to believe, that such school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law.

This limitation does not apply if the matter has been properly reported to law enforcement and any other regulatory authorities required by law, and either:
the matter has been officially closed by the law enforcement agency;
the individual is acquitted or otherwise exonerated of the alleged misconduct; or
more than four years has passed since the case was opened, and no charges or indictment have been filed.

Employee Expression

The board believes the district has an interest in maintaining an orderly and effective work environment while balancing employees First Amendment rights to freedom of expression and diverse viewpoints and beliefs. When employees speak within their official capacity, their expression represents the district and may be regulated. The First Amendment protects a public employee's speech when the employee is speaking as an individual citizen on a matter of public concern. Even so, employee expression that has an adverse impact on district operations and/or negatively impacts an employee's ability to perform their job for the district may still result in disciplinary action up to and including termination.

Employees will comply with Iowa law to the extent that compliance does not infringe on employees' free speech rights.

Employees who use social media platforms are encouraged to remember that the school community may not be able to separate employees as private citizens, from their role within the district. Employee expression on social media platforms that interferes with the district's operations or prevents the district from functioning efficiently and effectively may be subject to discipline up to and including termination.

A district employee who acts to protect a student for engaging in free expression or who refuses to infringe on students engaging in free expression; and who is acting within the scope of their professional ethics will not be retaliated against or face any adverse employment action based on their behavior provided that expression is otherwise permitted by law and board policy.

If the board or court finds an employee that is subject to licensure, certification or authorization by the Board of Educational Examiners discriminated against a student or other co-employee, the board will refer the employee to the Board of Educational Examiners for additional proceedings as required by law and which may result in discipline up to and including termination.

CHILD ABUSE REPORTING

In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse should be reported to the proper authorities. Employees are encouraged, and licensed employees, teachers, coaches, and paraeducators are required as mandatory reporters, to report alleged incidents of child abuse they become aware of within the scope of their professional duties. The definition of child abuse is in the accompanying regulation.

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter will orally within 24 hours of becoming aware of the abusive incident and shall make a writing report to the Iowa Department of Human Services within 48 hours following the oral report. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified.

Within six months of their initial employment, mandatory reporters will take a two-hour training course involving the identification and reporting of child abuse and dependent adult abuse, or submit evidence they've taken the course within the previous three years. Employees who have taken the two-hour training course will take the one-hour follow-up training course every three years and prior to the expiration of their certificate.

CHILD ABUSE REPORTING REGULATION

Iowa law requires licensed employees to report to the Iowa Department of Human Services (DHS) instances of suspected child abuse which they become aware of within the scope of their professional duties.

The law further specifies that a licensed employee who knowingly or willfully fails to report a suspected case of child abuse is guilty of a simple misdemeanor and that the licensed employee may be subject to civil liability for damages caused by the failure to report.

Employees participating in good faith in the making of a report or in a judicial proceeding that may result from the report are immune from liability.

Child Abuse Defined

"Child abuse" includes the following definitions:

- Any non-accidental physical injury, or injury which is at variance with the history given of it, suffered by a child as the result of the acts or omissions of a person responsible for the care of the child.
- Any mental injury to a child's intellectual or psychological capacity as evidenced by an observable and substantial impairment in the child's ability to function within the child's normal range of performance and behavior as the result of the acts or omissions of a person responsible for the care of the child, if the impairment is diagnosed and confirmed by a licensed physician or qualified mental health professional
- The commission of a sexual offense with or to a child . . . as a result of the acts or omissions of the person responsible for the care of the child or of a person who is fourteen years of age or older and resides in a home with the child. . . . Sexual offense includes sexual abuse, incest, and sexual exploitation of a minor.
- The failure on the part of a person responsible for the care of a child to provide for the adequate food, shelter, clothing, medical or mental health treatment, supervision, or other care necessary for the child's health welfare when financially able to do so. A parent or guardian legitimately practicing religious beliefs who does not provide specified medical treatment for a child for that reason alone will not be considered abusing the child
- The acts or omissions of a person responsible for the care of a child which allow, permit or encourage the child to engage in acts prohibited pursuant to *Iowa Code*, section 725.1 which deals with prostitution.

CHILD ABUSE REPORTING REGULATION

Teachers in public schools are not “persons responsible for the care of the child” under this definition. However, a teacher who abuses a child is subject to civil, criminal, and professional sanctions.

Reporting Procedures

Licensed employees, including teachers, coaches, paraeducators, and school nurses, are required to report, orally within twenty-four hours of becoming aware of the abusive incident to the Iowa Department of Human Services (DHS) when the employee reasonably believes a child has suffered from abuse within the scope of employment. Within forty-eight hours of an oral report, a written report must be filed with DHS.

Each report should contain as much of the following information as can be obtained within the time limit. However, the law specifies a report will be considered valid even if it does not contain all of the following information:

- name, age, and home address of the child;
- name and home address of the parents, guardians or other persons believed to be responsible for the care of the child;
- the child's present whereabouts if not the same as the parent's or other person's home address;
- description of injuries, including evidence of previous injuries;
- name, age, and condition of other children in the same home;
- any other information considered helpful; and,
- name and address of the person making the report.

Board policy states it is not the responsibility of employees to prove that a child has been abused or neglected. Employees should not take it upon themselves to investigate the case or contact the family of the child. DHS is responsible for investigating the incident of alleged abuse.

Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

An individual who has knowledge an employee has physically or sexually abused a student may immediately report it to the superintendent who is the school district's Level I investigator, or to the school nurse who is the district's alternate Level I investigator. "Employee" means one who works for pay or as a volunteer under the direction and control of the school district. The report shall be written, signed and witnessed by a person of majority age. The witness may be the Level I investigator. The reporter is the individual filing the report. The report will contain the following:

- The full name, address, and telephone number of the person filing.
- The full name, age, address, and telephone number, and attendance center of the student.
- The name and place of employment of the employee who allegedly committed the abuse.
- A concise statement of the facts surrounding the incident, including date, time, and place of occurrence, if known.
- A list of possible witnesses by name, if known.
- Names and locations of persons who examined, counseled or treated the student for the alleged abuse, including the dates on which those services were provided, if known.

Upon request, the Level I investigator may assist the reporter in completing the report. An incomplete report shall not be rejected unless the missing information would render the investigation futile or impossible. An employee receiving a report of alleged abuse of a student by an employee shall pass the report to the investigator and shall keep the report confidential to the maximum extent possible. In performing the investigation, the investigator shall have access to the educational records of the alleged student victim as well as access to the student for interviewing purposes.

In order for the school district to have jurisdiction over the acts and to constitute a violation of the law, acts of the employee must be alleged to have occurred on school grounds, on school time, at a school-sponsored activity, or in a school-related context. However, the student need not be a student in the school district. The student can be from another school district. To be investigable, the written report must include basic information showing that the victim of the alleged abuse is or was a student at the time of the incident, that the alleged act of the employee resulted in injury or otherwise meets the definition of abuse in these rules, and that the person responsible for the act is currently an employee. If the report is not investigable due to lack of jurisdiction, the investigator will dismiss the complaint and inform the reporter of other options available. Other options available to the reporter include contacting law enforcement authorities, private counsel, or the Board of Educational Examiners in the case of a licensed employee.

If the Level I investigator believes the student is in imminent danger if continued contact is permitted between the employee and the student, the Level I investigator may:

- temporarily remove the student from contact with the employee;
- temporarily remove the employee from service; or,
- take other appropriate action to ensure the student's safety.

The Level I investigator shall have access to the educational records of the student and access to the student for purposes of interviewing the student about the report.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

Physical Abuse Allegations

When physical abuse is reported, the Level I investigator shall make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report shall not receive a copy of the report until the employee is initially interviewed.

The Level I investigator shall use discretion in handling the information received regarding an investigation of abuse by an employee, and those persons involved in the investigation shall not discuss information regarding the complaint outside the investigation. The entire investigative procedure will be thoroughly explained, including the confidential nature of the proceedings, to the student and other persons involved in the investigation.

Within five days of receipt of an investigable report, the Level I investigator shall complete an informal investigation. The informal investigation shall consist of interviews with the student, the employee and others who may have knowledge of the alleged incident. If the Level I investigator determines that the allegations in the report are founded and that immediate and professional investigation is necessary, the Level I investigator may defer further investigation and contact appropriate law enforcement officials, the student's parents and the person filing the report. Within fifteen days of receipt of the report, the Level I investigator shall complete a written investigative report, unless the investigation was temporarily deferred.

The written investigative report shall include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (*It is not likely that an incident, as defined in these rules, took place*), or
 - Founded. (*It is likely that an incident took place.*)
8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the board of educational examiners if the employee is a licensed employee.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The investigator shall retain the original and provide a copy of the written investigative report to the school employee named in the report, the employee's supervisor and the student's parent or guardian. The person filing the report, if not the student's parent or guardian, shall be notified only that the Level I investigation has been concluded and of the disposition or anticipated disposition of the case.

It is the responsibility of the Level I investigator to determine whether it is more likely than not that an incident of abuse as defined in the rules took place between the student and employee. The Level I investigator does not make the determination of whether the use of physical contact was appropriate or whether any of the exceptions apply. That is the responsibility of the Level II investigator. Upon completion of the report, if the Level I investigator determines the allegations of physical abuse are founded and serious, the Level I investigator shall notify law enforcement authorities. If the allegations are founded but the physical abuse is not of a serious nature, the Level I investigator shall refer the case on to the trained professional from the Department of Human Services, the Level II investigator.

The Level II investigator shall review the Level I investigator's final investigative report and conduct further investigation. The Level II investigative report shall state the conclusion as to the occurrence of the alleged incident, the applicability of exceptions, the reason for the contact or force used, and recommendations regarding the need for further investigation. In determining the applicability of the exceptions or the reasonableness of the contact or force used, the Level II investigator will use the following definitions:

Physical Abuse

Physical abuse is non-accidental physical injury to the student as a result of the action of an employee. Injury occurs when evidence of it is still apparent at least twenty-four hours after its occurrence. The following do not constitute physical abuse, and no employee is prohibited from:

- a) Using reasonable and necessary force, not designed or intended to cause pain:
 - (1) To quell a disturbance or prevent an act that threatens physical harm to any person.
 - (2) To obtain possession of a weapon or other dangerous object within a pupil's control.
 - (3) For the purposes of self-defense or defense of others as provided for in Iowa Code § 704.3.
 - (4) For the protection of property as provided for in Iowa Code §§ 704.4, .5.
 - (5) To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
 - (6) To prevent a student from the self-infliction of harm.
 - (7) To protect the safety of others.
- b) Using incidental, minor, or reasonable physical contact to maintain order and control.

In determining the reasonableness of the contact or force used, the following factors are considered:

- a) The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
- b) The size and physical condition of the student.
- c) The instrumentality used in making the physical contact.
- d) The motivation of the school employee in initiating the physical contact.
- e) The extent of injury to the student resulting from the physical contact.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

"Reasonable force" is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one's life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

Upon completion of the Level II investigation, the Level I investigator shall forward copies of the Level II investigative report to the employee, the employee's immediate supervisor and the student's parent. The Level I investigator will notify the person filing the report of the current status of the case.

If the Level II investigator's report or law enforcement officials conclude abuse occurred, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the Level I investigator shall file a complaint with the State Board of Educational Examiners. The Level I investigator shall also arrange for counseling services for the student if the student or student's parents request counseling services.

Sexual Abuse

Sexual abuse is defined as including sexual acts involving a student, acts that encourage the student to engage in prostitution, as well as inappropriate, intentional sexual behavior or sexual harassment by the employee toward a student. "Sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

- 1) Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
- 2) Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
- 3) The conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive education environment.

When sexual abuse is reported, the Level I investigator shall make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report shall not receive a copy of the report until the employee is initially interviewed. The designated investigator shall not interview the school employee named in a report of sexual abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed and a determination made that the investigation will not be deferred.

The investigator shall notify the parent, guardian or legal custodian of a student in pre-kindergarten through grade six, of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The Level I investigator shall interview the student as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The Level I investigator may record the interview electronically.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The Level I investigator shall exercise discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator shall maintain the confidentiality of the report.

It is the responsibility of the Level I investigator to determine whether it is more likely than not that an incident took place between the employee and the student. If the Level I investigator believes the employee committed a sex act with a student or sexually exploited a student, the Level I investigator shall defer the Level I investigation and immediately notify law enforcement officials, the student's parents and the person filing the report.

If the Level I investigator determines an incident occurred, while not an illegal sex act with a student or sexual exploitation of a student, but where the employee engaged in inappropriate, intentional sexual behavior, further investigation is warranted. If further investigation is warranted, the Level I investigator may proceed to interview the employee and other individuals who may have knowledge of the circumstances contained in the report. Prior to interviewing other individuals who may have knowledge of the circumstance contained in the report, the Level I investigator shall provide notice of the impending interview of student witnesses or the student who is in pre-kindergarten through grade six, to their parent, guardian, or legal custodian, and may provide notice to the parent or guardian of older students, prior to interviewing those students. The Level I investigator shall, if founded, arrange for the Level II investigator to further investigate the allegations.

Within fifteen days of receipt of the report or notice of alleged sexual abuse, the Level I investigator shall complete a written investigative report unless the investigation was temporarily deferred. The written investigative report shall include:

- 1) The name, age, address and attendance center of the student named in the report.
- 2) The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
- 3) The name and work address of the school employee named in the report as allegedly responsible for the abuse of the student.
- 4) An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
- 5) A general review of the investigation.
- 6) Any actions taken for the protection and safety of the student.
- 7) A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (*It is not likely that an incident, as defined in these rules, took place*), or
 - Founded. (*It is likely that an incident took place.*)
- 8) The disposition or current status of the investigation.
- 9) A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the board of educational examiners if the school employee is certificated.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The investigator shall retain the original and provide a copy of the investigative report to the school employee named in the report, the school employee's supervisor and the named student's parent or guardian. The person filing the report, if not the student's parent or guardian, shall be notified only that the Level I investigation has been concluded and of the disposition or anticipated disposition of the case.

If the allegations are founded, the Level I investigation shall refer the case to the Level II investigator. The Level II investigator shall review the Level I investigator's final investigative report and conduct further investigation if necessary. The Level II investigative report shall state conclusively as to the occurrence of the alleged incident, conclusively as to the nature of the sexual abuse and recommendations regarding the need for further investigation. Upon completion of the Level II investigation, the Level I investigator shall forward copies of the Level II investigative report to the employee, the employee's immediate supervisor and the student's parent. The Level I investigator shall notify the person filing the report of the current status of the case.

If the Level II investigator's report or law enforcement officials conclude sexual abuse occurred, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the Level I investigator shall file a complaint on behalf of the district after obtaining the superintendent's signature with the State Board of Educational Examiners. The Level I investigator shall also arrange for counseling services for the student if the student or student's parents request counseling services.

In cases involving founded physical or sexual abuse by a licensed employee, the board shall notify the Board of Educational Examiners. Information of unfounded abuse at Level I or Level II shall not be kept in the employee's personnel file. If the Level I investigative report is founded but Level II is unfounded, then the Level I report shall be removed from the employee's permanent file.

It shall be the responsibility of the board to annually identify a Level I and Level II investigator. The board shall also designate annually an alternate Level I investigator, preferably of the opposite sex of the designated Level I investigator, to whom reports may also be made. The names and telephone numbers of the Level I investigator and the alternate Level I investigator shall be included in employee handbooks, student handbooks, annually published in the local newspaper, and prominently displayed in all school buildings.

GIFTS TO EMPLOYEES

Employees may receive a gift on behalf of the school district. Employees will not, either directly or indirectly, solicit, accept or receive any gift, series of gifts or an honorarium unless the donor does not meet the definition of "restricted donor" stated below or the gift or honorarium does not meet the definition of gift or honorarium stated below.

A "restricted donor" is defined as a person or other entity which:

- is seeking to be, or is a party to, any one or any combination of sales, purchases, leases or contracts to, from or with the school district;
- will be directly and substantially affected financially by the performance or nonperformance of the employee's official duty in a way that is greater than the effect on the public generally or on a substantial class of persons to which the person belongs as a member of a profession, occupation, industry or region; or
- is a lobbyist or a client of a lobbyist with respect to matters within the school district's jurisdiction.

A "gift" is the giving of anything of value in return for which something of equal or greater value is not given or received. However, "gift" does not include any of the following:

- information material relevant to an employee's official function, such as books, pamphlets, reports, documents, periodicals or other information that is recorded in a written, audio or visual format;
- anything received from a person related within the fourth degree by kinship or marriage, unless the donor is acting as an agent or intermediary for another person not so related;
- an inheritance;
- anything available or distributed to the general public free of charge without regard to the official status of the employee;
- items received from a charitable, professional, educational or business organization to which the employee belongs as a dues paying member if the items are given to all members of the organization without regard to an individual member's status or positions held outside of the organization and if the dues paid are not inconsequential when compared to the items received;
- actual expenses of an employee for food, beverages, travel and lodging for a meeting, which is given in return for participation in a panel or speaking engagement at the meeting when the expenses relate directly to the day or days on which the employee has participation or presentation responsibilities;

- items or services received by members or representatives of members as part of a regularly scheduled event that is part of a business or educational conference, seminar or other meeting that is sponsored and directed by any state, national or regional government organization in which the state of Iowa or a political subdivision of the state of Iowa is a member or received at such an event by members or representatives of members of state, national or regional government organizations whose memberships and officers are primarily composed of state or local government officials or employees;
- funeral flowers or memorials to a church or nonprofit organization;
- gifts which are given to an employee for the employee's wedding or twenty-fifth or fiftieth wedding anniversary;
- payment of salary or expenses by the school district for the cost of attending a meeting of a subunit of an agency when the employee whose expenses are being paid serves on a board, commission, committee, council or other subunit of the agency and the employee is not entitled to receive compensation or reimbursement of expenses from the school district for attending the meeting;
- gifts other than food, beverages, travel and lodging received by an employee which are received from a person who is a citizen of a country other than the United States and is given during a ceremonial presentation or as a result of a custom of the other country and is of personal value only to the employee; or
- actual registration costs for informational meetings or sessions which assist a public official or public employee in the performance of the person's official functions. The costs of food, drink, lodging and travel are not "registration costs" under this paragraph. Meetings or sessions which a public official or public employee attends for personal or professional licensing purposes are not "informational meetings or sessions which assist a public official or public employee in the performance of the person's official functions" under this paragraph.

An "honorarium" is anything of value that is accepted by, or on behalf of, an employee as consideration for an appearance, speech or article. An honorarium does not include any of the following:

- actual expenses of an employee for registration, food, beverages, travel or lodging for a meeting, which is given in return for participation in a panel or speaking engagement at a meeting when the expenses relate directly to the day or days on which the employee has participation or presentation responsibilities;

GIFTS TO EMPLOYEES

- a non-monetary gift or series of non-monetary gifts donated within thirty days to a public body, an educational or charitable organization or the Iowa department of general services; or
- a payment made to an employee for services rendered as part of a private business, trade or profession in which the employee is engaged if the payment is commensurate with the actual services rendered and is not being made because of the person's status as an employee of the district, but, rather, because of some special expertise or other qualification.

It is the responsibility of each employee to know when it is appropriate to accept or reject gifts or an honorarium.

PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board action however, the following should be completed:

- a) Matters should first be addressed to the teacher or employee.
- b) Unsettled matters from (a) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for licensed employees and to the superintendent for classified employees.
- c) Unsettled matters regarding licensed employees from (b) above or problems and questions concerning the school district should be directed to the superintendent.
- d) If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president in writing, who may bring it to the attention of the entire board, or the item may be placed on the board agenda of a regularly scheduled board meeting in accordance with board policy 213.1R1.

It is within the discretion of the board to address complaints from the members of the school district community, and the board will only consider doing so if they are in writing, signed, and the complainant has complied with this policy. The board is not obligated to address a complaint and may defer to the decision of the superintendent. If the board elects not to address a complaint, the decision of the superintendent shall be final. If the board does elect to address a complaint, its decision shall be final.

EMPLOYEE OUTSIDE EMPLOYMENT

The board believes the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board considers an employee's duties as part of a regular, full-time position as full-time employment. The board expects such employees to give the responsibilities of their positions in the school district precedence over any other employment.

It is the responsibility of the superintendent to counsel employees, whether full-time or part-time, if, in the judgment of the superintendent and the employee's immediate supervisor, the employee's outside employment interferes with the performance of the employee's duties required in the employee's position within the school district.

The board may request the employee to cease the outside employment as a condition of continued employment with the school district.

EMPLOYEE PHYSICAL EXAMINATIONS

Good health is important to job performance. Employees will present evidence of good health, in the form of a post-offer, pre-employment physical examination report,.

School bus drivers will present evidence of good health every other year in the form of a physical examination report unless otherwise required by law or medical opinion. Employees whose physical or mental health, in the judgment of the administration, may be in doubt will submit to additional examinations to the extent job-related and consistent with business necessity, when requested to do so, at the expense of the school district.

The cost of the initial examination will be paid by the school district. The form, indicating the employee is able to perform the duties for which the employee was hired, must be returned prior to payment of salary. The cost of bus driver renewal physicals will be paid by the school district up to a maximum of \$100.00 every two-year period. The school district will provide the standard examination form to be completed by the personal physician of the employee. Employees identified as having reasonably anticipated contact with blood or infectious materials will receive the Hepatitis B vaccine or sign a written waiver stating that they will not take the vaccine.

It is the responsibility of the superintendent to write an exposure control plan to eliminate or minimize district occupational exposure to bloodborne pathogens. The plan for designated employees will include, but not be limited to, scope and application, definitions, exposure control, methods of compliance, Hepatitis B vaccination and post-exposure evaluation and follow-up, communication of hazards to employees, and record keeping. The district will comply with occupational safety and health requirements as applicable to its employees in accordance with law.

The requirements stated in the master contract between employees in that certified collective bargaining unit and the board regarding physical examinations of such employees will be followed.

If possible, an employee may administer emergency or minor first aid. An injured employee will be turned over to the care of the employee's family or qualified medical employees as quickly as possible. The school district is not responsible for medical treatment of an injured employee.

It is the responsibility of the employee injured on the job to inform the superintendent within twenty-four hours of the occurrence. It is the responsibility of the employee's immediate supervisor to file an accident report within twenty-four hours after the employee reported the injury.

COMMUNICABLE DISEASES – EMPLOYEES

Employees with a communicable disease will be allowed to perform their customary employment duties provided they are able to perform the essential functions of their position and their presence does not create a substantial risk of illness or transmission to students or other employees. The term “communicable disease” will mean an infectious or contagious disease spread from person to person, or animal to person, or as defined by law.

Prevention and control of communicable diseases is included in the school district’s bloodborne pathogens exposure control plan. The procedures will include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. This plan will be reviewed annually by the superintendent and school nurse.

The health risk to immuno-depressed employees is determined by their personal physician. The health risk to others in the school district environment from the presence of an employee with a communicable disease is determined on a case-by-case basis by the employee’s personal physician, a physician chosen by the school district or public health officials.

Health data of an employee is confidential and it will not be disclosed to third parties. Employee medical records are kept in a file separate from their personal file.

It is the responsibility of the superintendent, in conjunction with the school nurse, to develop administrative regulations stating the procedures for dealing with employees with a communicable disease.

HEPATITIS B VACCINE INFORMATION AND RECORD

The Disease

Hepatitis B is a viral infection caused by the Hepatitis B virus (HBV) which causes death in 1-2% of those infected. Most people with HBV recover completely, but approximately 5-10% become chronic carriers of the virus. Most of these people have no symptoms, but can continue to transmit the disease to others. Some may develop chronic active hepatitis and cirrhosis. HBV may be a causative factor in the development of liver cancer. Immunization against HBV can prevent acute hepatitis and its complications.

The Vaccine

The HBV vaccine is produced from yeast cells. It has been extensively tested for safety and effectiveness in large scale clinical trials.

Approximately 90 percent of healthy people who receive two doses of the vaccine and a third dose as a booster achieve high levels of surface antibody (anti-HBs) and protection against the virus. The HBV vaccine is recommended for workers with potential for contact with blood or body fluids. Full immunization requires three doses of the vaccine over a six-month period, although some persons may not develop immunity even after three doses.

There is no evidence that the vaccine has ever caused Hepatitis B. However, persons who have been infected with HBV prior to receiving the vaccine may go on to develop clinical hepatitis in spite of immunization.

Dosage and Administration

The vaccine is given in three intramuscular doses in the deltoid muscle. Two initial doses are given one month apart and the third dose is given six months after the first.

Possible Vaccine Side Effects

The incidence of side effects is very low. No serious side effects have been reported with the vaccine. Ten to 20 percent of persons experience tenderness and redness at the site of injection and low grade fever. Rash, nausea, joint pain, and mild fatigue have also been reported. The possibility exists that other side effects may be identified with more extensive use.

HEPATITIS B VACCINE INFORMATION AND RECORD

CONSENT FORM OF HEPATITIS B VACCINATION

I have knowledge of Hepatitis B and the Hepatitis B vaccination. I have had an opportunity to ask questions of a qualified nurse or physician and understand the benefits and risks of Hepatitis B vaccination. I understand that I must have three doses of the vaccine to obtain immunity. However, as with all medical treatment, there is no guarantee that I will become immune or that I will not experience side effects from the vaccine. I give my consent to be vaccinated for Hepatitis B.

REFUSAL FORM OF HEPATITIS B VACCINATION

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring the Hepatitis B virus infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine at no charge to myself. However, I decline the Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. UNIVERSAL PRECAUTIONS REGULATION

Universal precautions (UP) are intended to prevent transmission of infection, as well as decrease the risk of exposure for employees and students. It is not currently possible to identify all infected individuals, thus precautions must be used with every individual. UP pertain to blood and other potentially infectious materials (OPIM) containing blood. These precautions do not apply to other body fluids and wastes (OBFW) such as saliva, sputum, feces, tears, nasal secretions, vomitus and urine unless blood is visible in the material. However, these OBFW can be sources of other infections and should be handled as if they are infectious. The single most important step in preventing exposure to and transmission of any infection is anticipating potential contact with infectious materials in routine as well as emergency situations. Based on the type of possible contact, employees and students should be prepared to use the appropriate precautions prior to the contact. Diligent and proper hand washing, the use of barriers, appropriate disposal of waste products and needles, and proper decontamination of spills are essential techniques of infection control. All individuals should respond to situations practicing UP followed by the activation of the school response team plan. Using common sense in the application of these measures will enhance protection of employees and students.

Hand Washing

Proper hand washing is crucial to preventing the spread of infection. Textured jewelry on the hands or wrists should be removed prior to washing and kept off until completion of the procedure and the hands are rewashed. Use of running water, lathering with soap and using friction to clean all hand surfaces is key. Rinse well with running water and dry hands with paper towels.

- Hands should be washed before physical contact with individuals and after contact is completed.
- Hands should be washed after contact with any used equipment.
- If hands (or other skin) come into contact with blood or body fluids, hands should be washed immediately before touching anything else.
- Hands should be washed whether gloves are worn or not and, if gloves are worn, after the gloves are removed.

Barriers

Barriers anticipated to be used at school include disposable gloves, absorbent materials and resuscitation devices. Their use is intended to reduce the risk of contact with blood and body fluids as well as to control the spread of infectious agents from individual to individual. Gloves should be worn when in contact with blood, OPIM or OBFW. Gloves should be removed without touching the outside and disposed of after each use.

UNIVERSAL PRECAUTIONS REGULATION

Disposal of Waste

Blood, OPIM, OBFW, used gloves, barriers and absorbent materials should be placed in a plastic bag and disposed of in the usual procedure. When the blood or OPIM is liquid, semi-liquid or caked with dried blood, it is not absorbed in materials, and is capable of releasing the substance if compressed, special disposal as regulated waste is required. A band-aid, towel, sanitary napkin or other absorbed waste that does not have the potential of releasing the waste if compressed would not be considered regulated waste. It is anticipated schools would only have regulated waste in the case of a severe incident. Needles, syringes and other sharp disposable objects should be placed in special puncture-proof containers and disposed of as regulated waste. Bodily wastes such as urine, vomitus or feces should be disposed of in the sanitary sewer system.

Clean up

Spills of blood and OPIM should be cleaned up immediately. The employee should:

- Wear gloves.
- Clean up the spill with paper towels or other absorbent material.
- Use a solution of one part household bleach to one hundred parts of water (1:100) or other EPA-approved disinfectant and use it to wash the area well.
- Dispose of gloves, soiled towels and other waste in a plastic bag.
- Clean and disinfect reusable supplies and equipment.

Laundry

Laundry with blood or OPIM should be handled as little as possible with a minimum of agitation. It should be bagged at the location. If it has the potential of releasing the substance when compacted, regulated waste guidelines should be followed. Employees who have contact with this laundry should wear protective barriers.

Exposure

An exposure to blood or OPIM through contact with broken skin, mucous membrane or by needle or sharp stick requires immediate washing, reporting and follow-up.

- Always wash the exposed area immediately with soap and water.
- If a mucous membrane splash (eye or mouth) or exposure of broken skin occurs, irrigate or wash the area thoroughly.
- If a cut or needle stick injury occurs, wash the area thoroughly with soap and water.

The exposure should be reported immediately, the parent or guardian is notified, and the person exposed contacts a physician for further health care.

HAZARDOUS CHEMICAL DISCLOSURE

The board authorizes the development of a comprehensive hazardous chemical communication program for the school district to disseminate information about hazardous chemicals in the workplace.

Each employee will annually review information about hazardous substances in the workplace. When a new employee is hired or transferred to a new position or work site, the information and training, if necessary, is included in the employee's orientation. When an additional hazardous substance enters the workplace, information about it is distributed to all employees, and training is conducted for the appropriate employees. The superintendent will maintain a file indicating which hazardous substances are present in the workplace and when training and information sessions take place.

Employees who will be instructing or otherwise working with students will disseminate information about the hazardous chemicals with which they will be working as part of the instructional program.

It is the responsibility of the superintendent to develop administrative regulations regarding this program.

DRUG AND ALCOHOL TESTING PROGRAM

Employees who operate school vehicles classified as “commercial motor vehicles” by the U.S. Department of Transportation, and are required to possess a commercial driver’s license (CDL) to operate those vehicles, are subject to drug and alcohol testing. A “commercial motor vehicle” is a vehicle that transports sixteen or more persons including the driver or has a gross vehicle weight rating (GVWR) of 26,001 pounds or more. For purposes of the drug and alcohol testing program, the term “employees” includes applicants who have been offered a position to operate a commercial motor vehicle owned by the school.

Employees or employee applicants who will operate a school vehicle as described above are subject to pre-employment drug testing prior to being allowed to perform a safety sensitive function using the school vehicle. In addition, employees will be subject to random, reasonable suspicion and post-accident drug and alcohol testing. Employees operating school vehicles will not perform a safety-sensitive function within four hours of using alcohol. Employees governed by this policy are subject to the drug and alcohol testing program beginning the first day they operate or are offered a position to operate school vehicles and continue to be subject to the drug and alcohol testing program as long as they may be required to perform a safety-sensitive function as it is defined in the administrative regulations. Employees with questions about the drug and alcohol testing program may contact the school district’s contact person, designated as the Superintendent of Schools at 359 East Hilton Street, Marengo, Iowa, (319) 642-7714.

Employees who violate the terms of this policy are subject to discipline up to and including termination. The district is required to keep a record of all drug or alcohol violations by employees for a minimum of five years. Employees are put on notice that information related to drug or alcohol violations will be reported to the Federal Motor Carrier Safety Administration (FMCSA) Clearinghouse. Additionally, the district will conduct FMCSA Clearinghouse queries for employees annually. Employees must provide written consent for the district to conduct FMCSA Clearinghouse queries; however, employees who choose to withhold consent will be prohibited from performing any safety sensitive functions.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy in compliance with the law. The superintendent will inform applicants of the requirement for drug and alcohol testing in notices or advertisements for employment.

The superintendent will also be responsible for publication and dissemination of this policy and its supporting administrative regulations and forms to employees operating school vehicles. The superintendent will also oversee a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment resources and programs.

EMPLOYEE CONDUCT AND APPEARANCE

Employees are role models for the students who come in contact with them during and after school hours. The board recognizes the positive effect employees can have on students in this capacity. To this end, the board strongly suggests and encourages employees to dress themselves, groom themselves and conduct themselves in a manner appropriate to the educational environment.

Employees will conduct themselves in a professional manner. Employees will dress in attire appropriate for their position. Clothing should be neat, clean, and in good taste. Discretion and common sense call for an avoidance of extremes that would interfere with or have an effect on the educational process. Ultimately, it is up to the discretion of the building administration to determine appropriateness of dress.

Licensed employees of the school district, including administrators, will follow the code of ethics for their profession as established by the Iowa Board of Educational Examiners. The Board of Educational Examiners' Criteria of Professional Practices are included as a regulation to this policy.

Licensed employees will be granted ten days of sick leave in their first year of employment. Each year thereafter, one additional day of sick leave will be granted to the licensed employees up to a maximum of fifteen days. "Day" is defined as one work day regardless of full-time or part-time status of the employee. A new employee will report for work at least one full work day prior to receiving sick leave benefits. A returning employee will be granted the appropriate number of days at the beginning of each fiscal year.

Sick leave may be accumulated up to a maximum of 105 days for licensed employees.

Should the personal illness occur after or extend beyond the employee's sick leave accumulated allowance, the employee may apply for disability benefits under the group insurance plan. If the employee does not qualify for disability benefits, the employee may request a leave of absence without pay.

Evidence may be required regarding the mental or physical health of the employee when the administration has a concern about the employee's health. Evidence may also be required to confirm the employee's illness, the need for the illness leave, the employee's ability to return to work, and the employee's capability to perform the duties of the employee's position. It is within the discretion of the board or the superintendent to determine the type and amount of evidence necessary. When an illness leave will be greater than three consecutive days, the employee will comply with the board policy regarding family and medical leave.

The requirements stated in the Master Contract between employees in the certified collective bargaining unit and the board regarding the personal illness leave of such employees shall be followed.

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE

Unpaid family and medical leave will be granted up to twelve (12) weeks per year to assist employees in balancing family and work life. For purposes of this policy, year is defined as the twelve-month period measured forward from the date the employee's first family and medical leave begins. Requests for family and medical leave will be made to the superintendent.

Employees may be allowed to substitute paid leave for unpaid family and medical leave by meeting the requirements set out in the family and medical leave administrative rules. Employees eligible for family and medical leave must comply with the family and medical leave administrative rules prior to starting family and medical leave. It is the responsibility of the superintendent to develop administrative rules to implement this policy.

The requirements stated in the Master Contract between employees in the certified collective bargaining unit and the board regarding family and medical leave of such employees will be followed.

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE REGULATION

A. School district notice.

1. The school district will post the notice in Exhibit 409.3E1 regarding family and medical leave.
2. Information on the Family and Medical Leave Act and the board policy on family and medical leave, including leave provisions and employee obligations will be provided annually. The information will be in the employee handbook.
3. When an employee requests family and medical leave, the school district will provide the employee with information listing the employee's obligations and requirements. Such information will include:
 - a. a statement clarifying whether the leave qualifies as family and medical leave and will, therefore, be credited to the employee's annual 12-week entitlement or 26 week entitlement depending on the purpose of the leave;
 - b. a reminder that employees requesting family and medical leave for their serious health condition or for that of an immediate family member must furnish medical certification of the serious health condition and the consequences for failing to do so or proof of call to active duty in the case of military family and medical leave;
 - c. an explanation of the employee's right to substitute paid leave for family and medical leave including a description of when the school district requires substitution of paid leave and the conditions related to the substitution; and
 - d. a statement notifying employees that they must pay and must make arrangements for paying any premium or other payments to maintain health or other benefits.

B. Eligible employees.

Employees are eligible for family and medical leave if three criteria are met.

1. The school district has more than 50 employees on the payroll at the time leave is requested;
2. The employee has worked for the school district for at least twelve months or 52 weeks (the months and weeks need not be consecutive); and
3. The employee has worked at least 1,250 hours within the previous year. Full-time professional employees who are exempt from the wage and hour law may be presumed to have worked the minimum hour requirement.

If the employee requesting leave is unable to meet the above criteria, then the employee is not eligible for family and medical leave.

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE REGULATION

- C. Employee requesting leave -- two types of leave.
 - 1. Foreseeable family and medical leave.
 - a. Definition - leave is foreseeable for the birth or placement of an adopted or foster child with the employee or for planned medical treatment.
 - b. Employee must give at least thirty days notice for foreseeable leave. Failure to give the notice may result in the leave beginning thirty days after notice was received. For those taking leave due to military family and medical leave, notice should be given as soon as possible.
 - c. Employees must consult with the school district prior to scheduling planned medical treatment leave to minimize disruption to the school district. The scheduling is subject to the approval of the health care provider.
 - d. The requirements stated in the Master Contract between employees in that certified collective bargaining unit and the board regarding family and medical leave of such employees will be followed.
 - 2. Unforeseeable family and medical leave.
 - a. Definition - leave is unforeseeable in such situations as emergency medical treatment or premature birth.
 - b. Employee must give notice as soon as possible but no later than one to two work days after learning that leave will be necessary.
 - c. A spouse or family member may give the notice if the employee is unable to personally give notice.
- D. Eligible family and medical leave determination. The school district may require the employee giving notice of the need for leave to provide reasonable documentation or a statement of family relationship.
 - 1. Six purposes.
 - a. The birth of a son or daughter of the employee and in order to care for that son or daughter prior to the first anniversary of the child's birth;
 - b. The placement of a son or daughter with the employee for adoption or foster care and in order to care for that son or daughter prior to the first anniversary of the child's placement;
 - c. To care for the spouse, son, daughter or parent of the employee if the spouse, son, daughter or parent has a serious health condition; or
 - d. Employee's serious health condition that makes the employee unable to perform the essential functions of the employee's position.
 - e. because of a qualifying exigency arising out of the fact that an employee's ___ spouse; ___ son or daughter; ___ parent is on active duty or call to active duty status in support of a contingency operation as a member of the National Guard or Reserves.
 - f. because the employee is the spouse; ___ son or daughter; ___ parent; ___ next of kin of a covered service member with a serious injury or illness

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE REGULATION

 - a. When required:
 - (1) Employees may be required to present medical certification of the employee's serious health condition and inability to perform the essential functions of the job.
 - (2) Employees may be required to present medical certification of the family member's serious health condition and that it is medically necessary for the employee to take leave to care for the family member.
 - (3) Employees may be required to present certification of the call to active duty when taking military family and medical leave.
 - b. Employee's medical certification responsibilities:
 - (1) The employee must obtain the certification from the health care provider who is treating the individual with the serious health condition.
 - (2) The school district may require the employee to obtain a second certification by a health care provider chosen by and paid for by the school district if the school district has reason to doubt the validity of the certification an employee submits. The second health care provider cannot, however, be employed by the school district on a regular basis.
 - (3) If the second health care provider disagrees with the first health care provider, then the school district may require a third health care provider to certify the serious health condition. This health care provider must be mutually agreed upon by the employee and the school district and paid for by the school district. This certification or lack of certification is binding upon both the employee and the school district.
 - c. Medical certification will be required fifteen days after family and medical leave begins unless it is impracticable to do so. The school district may request recertification every thirty days. Recertification must be submitted within fifteen days of the school district's request.
 - d. Employees taking military caregiver family and medical leave to care for a family service member cannot be required to obtain a second opinion or to provide recertification.

Family and medical leave requested for the serious health condition of the employee or to care for a family member with a serious health condition which is not supported by medical certification will be denied until such certification is provided.

E. Entitlement.

1. Employees are entitled to twelve weeks unpaid family and medical leave per year. Employees taking military caregiver family and medical leave to care for a family service member are entitled to 26 weeks of unpaid family and medical leave but only in a single 12 month period.
2. Year is defined as the twelve-month period measured forward from the date the employee's first family and medical leave begins.
3. If insufficient leave is available, the school district may:

 - Inpatient care (i.e. an overnight stay) in a hospital, hospice or residential medical care facility including any period of incapacity (for purposes of this section, defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from), or any subsequent treatment in connection with such inpatient care; or
 - Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes:
 - A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days, including any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders or, or on referral by, a health care provider; or
 - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

- Any period of incapacity due to pregnancy or for prenatal care.
- Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
 - Requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
 - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
- A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's a severe stroke or the terminal stages of a disease.
- Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- Treatment for purposes of this definition includes, but is not limited to, examinations to determine if a serious health condition exists and evaluation of the condition. Treatment does not include routine physical examinations, eye examinations or dental examinations. Under this definition, a regimen of continuing treatment includes, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed rest, drinking fluids, exercise and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.
- Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this regulation are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.
- Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

- Absence attributable to incapacity under this definition qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

Serious Injury or Illness - an injury or illness incurred by a member of the Armed forces, including the National Guard or Reserves in the line of duty on active duty in the Armed Forces that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating.

Son or daughter-a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis. The child must be under age 18 or, if over 18, incapable of self-care because of a mental or physical disability.

Spouse-a husband or wife recognized by Iowa law including common law marriages.

**CLASSIFIED EMPLOYEE FAMILY AND MEDICAL LEAVE NOTICE TO EMPLOYEES
YOUR RIGHTS UNDER THE
FAMILY AND MEDICAL LEAVE ACT OF 1993**

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons. Employees are eligible if they

have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

REASONS FOR TAKING LEAVE:

Unpaid leave must be granted for *any* of the following reasons:

- to care for the employee's child after birth, or placement for adoption or foster care;
- to care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- for a serious health condition that makes the employee unable to perform the employee's job.

At the employee's or employer's option, certain kinds of *paid* leave may be substituted for unpaid leave.

ADVANCE NOTICE AND MEDICAL CERTIFICATION:

The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.

- The employee ordinarily must provide 30 days advance notice when the leave is "foreseeable."
- An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer's expense) and fitness for duty report to return to work.

JOB BENEFITS AND PROTECTION:

- For the duration of FMLA leave, the employer must maintain the employee's health coverage under any "group health plan."
- Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

10/18/2023

Adopted: 06/23/1997

Reviewed: 02/17/2003

Revised:

- The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

UNLAWFUL ACTS BY EMPLOYERS:

FMLA makes it unlawful for any employer to:

- interfere with, restrain, or deny the exercise of any right provided under FMLA;
- discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

ENFORCEMENT:

- The U.S. Department of Labor is authorized to investigate and resolve complaints of violation.
- An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law collective bargaining agreement which provides greater family or medical leave rights.

I anticipate returning to work at my regular schedule on _____.

I realize I may be moved to an alternative position during the period of the family and medical intermittent or reduced work schedule leave. CLASSIFIED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

Instructional Employee – an employee employed principally in an instructional capacity by an educational agency or school whose principal function is to teach and instruct students in a class, a small group, or an individual setting, and includes athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. The term does not include teacher assistants or aides who do not have as their principal function actual teaching or instructing, nor auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers, bus drivers, or other primarily noninstructional employees.

Intermittent Leave – leave taken in separate periods of time due to a single illness or injury, rather than for one continuous period of time, and may include leave or periods from an hour or more to several weeks.

Medically Necessary – certification for medical necessity is the same as certification for serious health condition.

"Needed to Care For" – the medical certification that an employee is "needed to care for" a family member encompasses both physical and psychological care. For example, where, because of a serious health condition, the family member is unable to care for his or her own basic medical, hygienic or nutritional needs or safety or is unable to transport himself or herself to medical treatment. It also includes situations where the employee may be needed to fill in for others who are caring for the family member or to make arrangements for changes in care.

Next of Kin – an individual's nearest blood relative.

Outpatient Status – the status of a member of the Armed Forces assigned to either a military medical treatment facility as an outpatient; or, a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

Parent – a biological parent or an individual who stands in loco parentis to a child or stood in loco parentis to an employee when the employee was a child. Parent does not include parent-in-law.

Physical or Mental Disability – a physical or mental impairment that substantially limits one or more of the major life activities of an individual.

Reduced Leave Schedule – a leave schedule that reduces the usual number of hours per workweek, or hours per workday, of an employee.

Serious Health Condition –

- An illness, injury, impairment, or physical or mental condition that involves:
 - Inpatient care (i.e. an overnight stay) in a hospital, hospice or residential medical care facility including any period of incapacity (for purposes of this section, defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from), or any subsequent treatment in connection with such inpatient care; or
 - Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes:

CLASSIFIED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

- A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days, including any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders or, or on referral by, a health care provider; or
 - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.
- Any period of incapacity due to pregnancy or for prenatal care.
- Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
 - Requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
 - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
- A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's a severe stroke or the terminal stages of a disease.
- Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- Treatment for purposes of this definition includes, but is not limited to, examinations to determine if a serious health condition exists and evaluation of the condition. Treatment does not include routine physical examinations, eye examinations or dental examinations. Under this definition, a regimen of continuing treatment includes, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed rest, drinking fluids, exercise and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.
- Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this regulation are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

CLASSIFIED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

- Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.
- Absence attributable to incapacity under this definition qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

Serious Injury or Illness – an injury or illness incurred by a member of the Armed Forces, including the National Guard or Reserves, in the line of duty on active duty in the Armed Forces that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating.

Son or Daughter – a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis. The child must be under age 18 or, if over 18, incapable of self-care because of a mental or physical disability.

Spouse – a husband or wife recognized by Iowa law including common law marriages.
